Chronological skill acquisition: TRAIN performance

8/8 batches complete

Same frozen Qwen3-8B; 16 source cases per batch; scores saved before batch feedback

Entering records: 0, 4, 7, 7, 7, 7, 8, 8. After B8: 8 records; size is not benefit.

Descriptive single-learner TRAIN trace. Cohorts differ; compare same-case arms. No repeated-run uncertainty shown.

B1 is shared cold start; own-B1 is fixed from B2. Frozen new-source evaluation runs separately.
